

# DO MORE WITH THE NATIONAL LEAGUE OF CITIES AS YOUR STRATEGIC PARTNER.

NLC helps local governments achieve their goals.

A photograph of two individuals, a woman on the left and a man on the right, both wearing blue lanyards with the NLC logo. They are seated at a conference or meeting, with other people and tables visible in the background. The woman is smiling and looking towards the camera. The man has a goatee and is looking directly at the camera.

**NLC** NATIONAL  
LEAGUE  
OF CITIES  
CITIES STRONG TOGETHER

The nation's largest organization for cities works for you.

## Benefit Programs

Belonging to the nation's largest network of cities has advantages.

NLC offers a range of benefit programs for towns of all sizes.

**Prescription Discount** saves residents on drug costs.

**Service Line Warranty** offers residents low-cost coverage on unexpected water line damage.

**Grant Access** holds thousands of funding opportunities.

**Public Finance Authority** offers expert advice and service issuing bonds.

**U.S. Communities Government Purchasing Alliance** provides world-class procurement resources.

**Build America Mutual** lowers borrowing costs for cities with top-notch bond insurance.

**Community Showcase Video** enhances your website with custom promotional video.

## Networking

Get to know top talent in municipal leadership.

Share your best ideas with leaders who are as passionate as you are.

Hear from local government luminaries and attend inspiring workshops at our major conferences, **City Summit** and **Congressional City Conference**.

Work on issues relevant to your community in our committees, councils, and member networks (including the newly-established **Young Municipal Leaders**) and discover opportunities to lead at the national level.

---

Every time I attend an NLCU session, I am able to take something back to implement to help our citizens and save the city money.

**COUNCILMEMBER CRAIG BARNES**  
Queen Creek, Arizona

---

## Advocacy

**We advocate for the needs and interests of cities and towns.**

Our staff and elected officers work year-round to connect with the Administration and members of Congress.

**Advocacy is member-driven.** NLC's policy positions are debated and updated at each **City Summit**. Join one of seven **Federal Advocacy Committees** and make your voice heard.

Make a personal connection. At **Congressional City Conference** and throughout the year, NLC arranges meetings between local leaders and their federal representatives.

## Research

**Stay up-to-date with a rapidly changing municipal landscape.**

The nation's largest network of cities puts you in touch with the latest research and trends on the ground.

Get detailed **reports** and access to **thought leaders** to guide your government through technological change wisely, from driverless cars to the sharing economy.

Use NLC as a sounding board to develop ideas and find outside partners to realize them.

Discover solutions already at work in other cities.

## Training

**Use the educational resources of our community to best serve yours.**

Get the best training for the job by people who know local government.

Get **technical assistance** from our team of experts on issues from early childhood education to blockchain technology.

Connect with foundations and non-profits specializing in municipal needs.

Attend **NLC University**. Earn a certificate in Economic Development, Transportation, Housing, or other key areas.

**Newly elected officials and staff:** Find mentors and classes to prepare for challenges ahead.
